Dear Sir/Madam

**Re: PCT/GB 03/02177      WO 03/097373**

I recently filed a petition to revive unintentional PTO/SB/64 posted from London on 21<sup>st</sup> October 2005.

I realised that I neglected to include a Statutory Declaration, I have enclosed one with this letter.

Yours sincerely

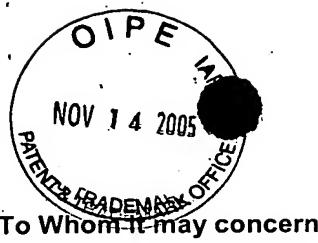

A handwritten signature in black ink, appearing to read "Laaong Silaprom".

Statutory Declaration

(PCT/GB 03/02177 WO 03/097373)

I Laaong Silaprom of 71 Nags Head Road Ponders End, Enfield EN3 7AA, England, UK do hereby declare and state as follows:

1. It has always been my intention since the priority date of my PCT application (PCT/GB 03/02177) and even before that date to seek patent protection in the United States of America for my invention from the priority date of my original patent filing.
2. I had fully intended to seek protection in the United States of America through my PCT application.
3. The events that caused me to miss the usual deadlines for National phase entry before the USPTO were beyond my control, these events are described below.
4. My husband's brother suffers from an autistic disorder which has caused him many problems throughout his life, sometime near the middle of 2003 he got himself into trouble with the Police for an incident that resulted in a court case being mounted against him, at this point my husband and I were forced to become his full time carers.
5. My husband and I suffered greatly by being the full time carers for a person with mental health problems, these events were a terrible strain on my family and caused a huge amount of upheaval and real trauma, my husband suffered terrible depression over the situation and could not function properly, we have only recently returned to some semblance of normality.

Subscribed and solemnly declared by the above named

this 4<sup>th</sup> day of November 2005 at THAILAND
